THE BRAVIO

Laminating Dreams, *Building* Realities

For us, color is not just an aesthetic choice but the very language of design. As connoisseurs of the finest acrylic sheets, we import a palette that encompasses over 400 hues, each curated to inspire the architect's imagination and the designer's bold visions.

Since starting with Arihant Acrylic in 2004 and expanding with Bravio in 2016, we've set out to be more than just another name in the acrylic industry. We're here to set new standards in quality and design.

We're known for our incredible range of **color options—over 450** in total! No other vendor in India can match this. It's one of the many reasons why architects and interior designers across more than 15 cities choose us. .

Our **dedication to innovation and excellence** has made us the go-to choice for acrylic products. Whether you're looking for something specific or just browsing for inspiration, we've got what you need to bring your creative visions to life.

T E .

How we work

Our mission has always been clear: **meet every designer's need, no matter how specific.** Whether you're looking for something specific or just browsing for inspiration, we've got what you need to bring your creative visions to life.

We pride ourselves on being the largest omnichannel designer, importer, wholesaler, and retailer of high-quality acrylic products.

At Bravio, safety and accessibility are paramount, and we specialise in providing high-quality acrylic sheets, our hero product, along with other superior interior solutions.

WPC panels, Alabaster, Acrylic high gloss laminates, PETG sheets, and PVC wall & ceiling panels, each designed to meet the diverse needs of both residential and commercial spaces.

Our Principle Motto

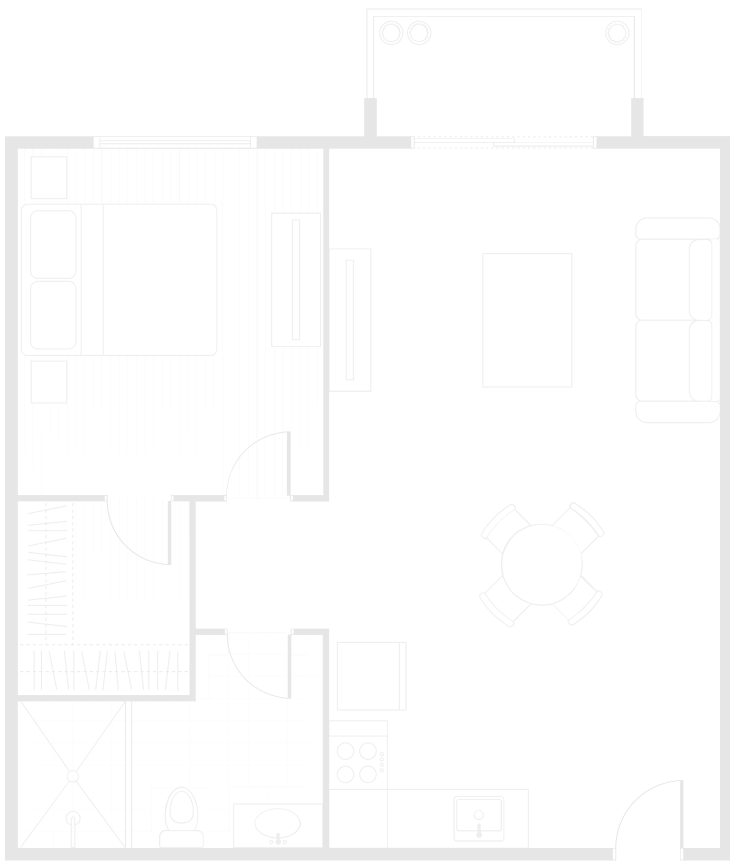

Our ethos revolves around authenticity, sustainability, and empowerment.

Our commitment to quality is non-negotiable.

**WE
CREATE
DESIGN.**

About Our Company

Bravio was established in 2016 and quickly rose to prominence as a leading brand in the industry, building upon the foundation laid by Arihant Acrylic.

With a focus on innovation and a commitment to excellence, Bravio has solidified its position as a trusted name, delivering exceptional products and services to customers.

We specialise in a diverse range of products, including WPC panels, Alabaster, Acrylic, Acrylic high gloss laminates, PETG sheets, and PVC wall and ceiling panels.

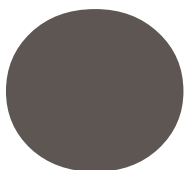

Our objective is to set a new standard for designer and genuine products, suitable for both residential and commercial applications.

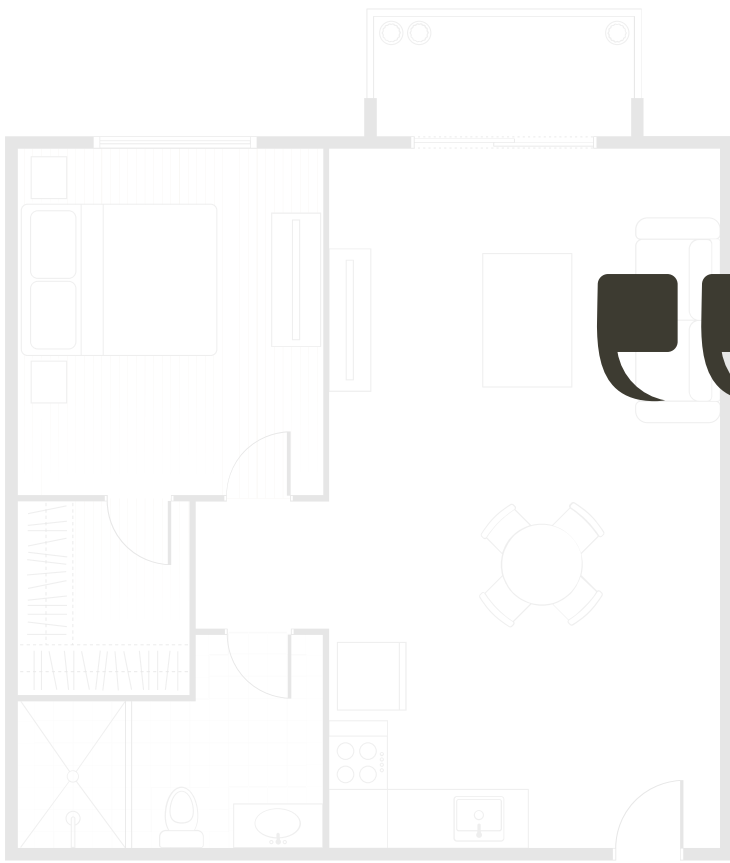

Leveraging our state-of-the-art fabrication facilities and advanced machinery, we consistently deliver superior quality craftsmanship and customised designs to meet the specific requirements of our clients.

From our Founder's Desk

From the start in 2004 with Arihant, and expanding with Bravio in 2016, our goal has always been clear: to set new standards in the acrylic industry. Our commitment to providing complete solutions and unmatched quality has driven our success.

As importers, we understand the importance of variety. We proudly offer an impressive selection of 450 options in colors, textures, sizes, and styles, ensuring every client finds exactly what they need.

Our growth has been fueled by continually seeking the best and embracing innovation. We're grateful for the trust of our customers in over 15 cities across India, who view us as their top source for quality acrylic products.

As we explore new opportunities, our focus remains unchanged—excellence in service, prioritizing customer satisfaction, and always striving to exceed expectations. We're dedicated to improving and providing the best solutions, continually fulfilling our promise of quality and customer-first service."

“**Design** is not how we create. It's how it **works.**”

—Steve Jobs

OUR INTUITIVE PRINCIPLE.

At The Bravio, we don't just supply materials; we empower visionaries. Whether you're designing a modern office space or transforming a cozy home, our premium acrylic sheets, rich Alabaster, versatile PETG, and durable PVC panels are the canvas for your creativity.

\ 01

Diversity & Authenticity

We at The Bravio understand our designer's vision to play with colours, textures and refinements.

Problems

- Hence, we are always on a strive to offering a wide range of materials, colors, and textures, ensuring that every designer and architect finds exactly what they need to bring their unique visions to life.
- We push boundaries of what's possible, while staying true to the core values of quality and functionality. It's about pioneering with purpose and integrity.

Embracing Diversity

Our extensive range of materials, colors, and textures is designed to meet the diverse needs of every customer, supporting the creation of uniquely personalized spaces that reflect the world's varied tastes and cultures.

\ 02

Innovation & Impact

At The Bravio, our dedication to authentic innovation is foundational to our brand ethos.

Problems

- We understand that true innovation isn't merely about developing new products; it's about creating solutions that resonate with the needs and aspirations of our clients.
- We collaborate closely with industry experts to anticipate and respond to emerging design trends, ensuring our provisions exceed the expectations of modern construction and aesthetic demands.

Cultivating Authentic Innovation

- We pioneer with purpose. Innovation at The Bravio isn't just about leading the trends—it's about setting new standards in material quality and design flexibility.

Our intuitive principle

At The Bravio, we don't just supply materials; we empower visionaries. Whether you're designing a modern office space or transforming a cozy home, our premium acrylic sheets, rich Alabaster, versatile PETG, and durable PVC panels are the canvas for your creativity.

03

Customer Experience

our innovation extends beyond physical products to the services we provide.

Problems

- We are continually enhancing our customer support and logistics to create seamless experiences for every client.
- Whether it's providing detailed product information, offering customization options, or ensuring timely delivery, our approach is always client-centered and sustainability-oriented.
- We don't just supply materials; we partner in the creative process.

Problems

Our products are not just components of construction; they are essential elements of innovation, enabling every designer and architect to build not only structures but also sustainable legacies.

04

Shape Dreams

By offering a vast array of materials, including versatile acrylic sheets, luxurious Alabaster, adaptable PETG sheets, and durable PVC panels...

Problems

- we provide designers and architects the freedom to explore new horizons in their projects.
- Each material is not only selected for its aesthetic appeal and durability but also for its adaptability to various design contexts—from sleek, modern minimalism to rich, intricate traditionalism.

Problems

We offer bespoke solutions and expert consultations to ensure that every design challenge can be met with a precise and effective response.
